

PO Box 27, Kingston, Ontario, Canada K7L4V6

**** RELEASE ****

March 25, 2021

History and Intensification Can Coexist in Kingston:

The Homestead Sequel starts March 29, 2021, 10 a.m.

Can 400 rental units, office commercial space, and parking be created while keeping to Kingston's official height limit? You will be shocked to see how close we can get!

George Baird is one of Canada's most prominent architects. Formerly professor and director at Harvard University Graduate School of Design, as well as architecture dean at the University of Toronto, Mr. Baird was commissioned to reimagine the Homestead proposal into a more environmental design in keeping with Kingston's planning framework.

We believe that George Baird's redesign should receive priority when building in downtown Kingston. We do not need high-rises in order to add density in the downtown core. Please sign the petition and let your voice be heard. Here is the link:

As the Frontenac Heritage Foundation heads back to court again on March 29th to fight for Kingston's future, we want to THANK YOU to all who have donated to our cause - your support is what allows the Foundation to continue to protect our historic core.

If you would like to support the Frontenac Heritage Foundation, cheques can be sent to the FHF, P. O. Box 27, Kingston, ON K7L 4V6. Alternatively, you can also send an e-transfer on our website at: <https://frontenacheritage.ca/get-involved/donate/>
