A Message from Custom Builder Mark Peabody Dec. 18/24, a FHF Heritage Conservation Award Winner

Dear Friends,

I began my journey in the building industry over 36 years ago, restoring, designing, and creating new spaces for so many wonderful people.

It is now time for a bit of a change. In the new year, I will be stepping back from cabinet making and general contracting, keeping the Design side of the business as the focus.

Providing consultation services, customized design work, and creative solutions, I will be available, along with Todd Biggerman, to advise and support you through all your residential building projects.

And I am happy to inform you that Lyn and Jessie will continue building quality cabinets and millwork in the Fraser Street shop, which will now be under the management of Nick Dennis, a highly respected contractor in the Kingston area. (nickdenniscustomcarpentry.ca)

Thank you for trusting me with your home and I look forward to working with you in the future.

All the best, Mark (peabody@kingston.net)
